UMZUMBE CHALETS

Umzumbe Chalets has 56 tastefully furnished A-frame chalets. Each chalet is fully furnished and fitted to provide an unforgettable holiday for six guests. These three bedroom chalets and private braai area are serviced daily to provide for that little extra luxury. The private balcony provides the setting for a lovely family breakfast or a tropical sun downer. The Laundry is equipped with two washing machines and a tumble dryer. Each chalet has its own DSTV decoder, just remember your own smartcard!

The resort is nestled amongst the luscious indigenous forest, no wonder that around 80 tree species and about 400 different wild and water bird species were counted in the area. Come walk along the hiking trail winding through the forest and meet with the resident Bushbuck and the very shy Dukker families. Come and discover some of the best kept secrets of the area. Pristine stretches of golden sandy beaches, rocky coves and lagoons.....

Enchantment that you will experience nowhere else!

Come and enjoy our recreational area where the sparkling swimming pools and braai facility both have a commanding view over the Indian Ocean. The Hibiscus Coast has a subtropical climate with the average temperature for the warmer months ranging between 17°C - 30°C and during June and July between 11°C - 25°C. In the event that the weather is less favourable, visit our recreational hall for some table tennis, pool, darts and soccer games. We are counting down the days to the opening of our new Day-Spa, Hair & Beauty Salon, gymnasium and steam bath.

We guarantee a relaxing and rejuvenating holiday!
